

Snapdragons

An old fashioned favorite.

Snapdragons are flowers that can be grown all year round.

They come in a variety of sizes and colours making them an ideal plant in garden beds or pots.

They also make a great cut flower display.

Taller varieties may require support as the flower heads get heavy especially in windy areas.

By removing old flower spikes this encourages the plant to get bushy and produce more flowers.

Available in a variety of colors for winter color in the garden. The delicate seed heads are a plant for a vibrant
